Annual Index

The Engineering Economist

Volume 38

Fall 1992 - Summer 1993

Index By Areas Of Interest

Capacity Expansion

Market Obsolescence and Strategic Replacement Models by Brad C. Meyer 38: 3,209

Capital Budgeting

Does the ITC Affect Investment Behavior? New Evidence from Financial Managers by Ralph A. Pope and Thomas A. Howe 38: 3,223

Duration and the Risk Adjustment of Discount Rates for Capital Budgeting by Robert Brown and Mukund S. Kulkarni 38: 4,299

Reputation, Information and Project Termination in Capital Budgeting by John Dobson and Robert Dorsey 38: 2,143

Teaching Engineering Economy Using the Experimental Learning Cycle and a Novel Business Game by R. F. de la Mare 38: 4,259

The Case for a Generalized Net Present Value Formula by Robert G. Beaves 38: 2,119

The Payback Period As a Measure of Profitability and Liquidity by Miroslaw M. Hajdasinski 38: 3,177

Working Capital Requirements Revisited (Technical Note) by Carl M. Hubbard and Daniel T. Walz 38: 3,249

Capital Investment Analysis

A Multi-Attribute Product Life-Cycle Approach to Replacement Decisions: An Application of Saaty's System-With-Feedback Method by Lawrence C. Leung and Tashfeen M. Azhar 38: 4,321

A Unifying Framework for Cost Recovery Rules by Samuel A. Awoniyi 38: 2,134

Duration and the Risk Adjustment of Discount Rates for Capital Budgeting by Robert Brown and Mukund S. Kulkarni 38: 4,299

Does the ITC Affect Investment Behavior? New Evidence from Financial Managers by Ralph A. Pope and Thomas A. Howe 38: 3,223

Income, Wealth Base and Rate of Return Implications of Alternative Project Evaluation Criteria by Richard H. Bernhard 38: 3,165

Market Obsolescence and Strategic Replacement Models by Brad C. Meyer 38: 3,209

Reputation, Information and Project Termination in Capital Budgeting by John Dobson and Robert Dorsey 38: 2,134

Teaching Engineering Economy Using the Experimental Learning Cycle and a Novel Business Game by R.F. de la Mare 38: 4,259

The Case for a Generalized Net Present Value Formula by Robert G. Beaves 38: 2,119

The Fleet Design Problem by P.C. Jones and J.L. Zydiak 38: 2,83

The Suitability of the Perpetuity Rate of Return as A Project Evaluation Criterion by Miroslaw M. Hajdasinski 38: 4,309

Working Capital Requirements Revisited (Technical Note) by Carl M. Hubbard and Daniel T. Walz 38: 3,249

Case Studies

A Case Study of Economic Justification of Expert Systems in Maintenance Operations by Adedeji B. Badiru, Bob L. Foote and John W. Peters 38: 2,99

Cost Estimating

An Economic Evaluation Model for Project Design Decisions under Concurrent Engineering by Chi J. Oh and Chan S. Park 38: 4,275

Cost Of Capital

A Unifying Framework for Cost Recovery Rules by Samuel A. Awoniyi 38: 2,134

Duration and the Risk Adjustment of Discount Rates for Capital Budgeting by Robert Brown and Mukund S. Kulkarni 38: 4,299

Decision Analysis

Reputation, Information and Project Termination in Capital Budgeting by John Dobson and Robert Dorsey 38: 2,143

Teaching Engineering Economy Using the Experimental Learning Cycle and a Novel Business Game by R. F. de la Mare 38: 4,259

Decision Support

The Payback Period As a Measure of Profitability and Liquidity by Miroslaw M. Hajdasinski 38: 3,177

The Suitability of the Perpetuity Rate of Return as A Project Evaluation Criterion by Miroslaw M. Hajdasinski 38: 4,309

Depreciation And Obsolescence

A Unifying Framework for Cost Recovery Rules by Samuel A. Awoniyi 38: 2,134

Depreciation and Tax Policies in the Seven Countries with the Highest Direct Investment from the U.S. by Donald S. Remer and Yong Ho Song 38: 2,134

Market Obsolescence and Strategic Replacement Models by Brad C. Meyer 38: 3,209

Design

An Economic Evaluation Model for Project Design Decisions under Concurrent Engineering by Chi J. Oh and Chan S. Park 38: 4,275

Economic Comparisons

A Case Study of Economic Justification of Expert Systems in Maintenance Operations by Adedeji B. Badiru, Bob L. Foote and John W. Peters 38: 2,99

An Economic Evaluation Model for Project Design Decisions under Concurrent Engineering by Chi J. Oh and Chan S. Park 38: 4,275

A Multi-Attribute Product Life-Cycle Approach to Replacement Decisions: An Application of Saaty's System-With-Feedback Method by Lawrence C. Leung and Tashfeen M. Azhar 38: 4,321

Depreciation and Tax Policies in the Seven Countries with the Highest Direct Investment from the U.S. by Donald S. Remer and Yong Ho Song 38: 3,193

Income, Wealth Base and Rate of Return Implications of Alternative Project Evaluation Criteria by Richard H. Bernhard 38: 3,165

The Payback Period As a Measure of Profitability and Liquidity by Miroslaw M. Hajdasinski 38: 3,177

The Suitability of the Perpetuity Rate of Return as A Project Evaluation Criterion by Miroslaw M. Hajdasinski 38: 4,309

Education

Teaching Engineering Economy Using the Experimental Learning Cycle and a Novel Business Game by R. F. de la Mare 38: 4,259

Working Capital Requirements Revisited (Technical Note) by Carl M. Hubbard and Daniel T. Walz 38: 3,249

Finance

Comments on "Using Intuition From Elementary Physics to Explain Bond Duration" (Technical Note) by James W. Hayes 38: 4,345

Does the ITC Affect Investment Behavior? New Evidence from Financial Managers by Ralph A. Pope and Thomas A. Howe 38: 3,223

Reputation, Information and Project Termination in Capital Budgeting by John Dobson and Robert Dorsey 38: 2,143

The Case for a Generalized Net Present Value Formula by Robert G. Beaves 38: 2,119

Working Capital Requirements Revisited (Technical Note) by Carl M. Hubbard and Daniel T. Walz 38: 3,249

Financial Mathematics

Comments on "Using Intuition From Elementary Physics to Explain Bond Duration" (Technical Note) by James W. Hayes 38: 4,345

The Case for a Generalized Net Present Value Formula by Robert G. Beaves 38: 2,119

Foreign Investment

Depreciation and Tax Policies in the Seven Countries with the Highest Direct Investment from the U.S. by Donald S. Remer and Yong Ho Song 38: 3,193

Investment Securities

Comments on "Using Intuition From Elementary Physics to Explain Bond Duration" (Technical Note) by James W. Hayes 38: 4,345

Maintenance

A Case Study of Economic Justification of Expert Systems in Maintenance Operations by Adedeji B. Badiru, Bob L. Foote and John W. Peters 38: 2,99

Managerial Economics

The Payback Period As a Measure of Profitability and Liquidity by Miroslaw M. Hajdasinski 38: 3,177

The Suitability of the Perpetuity Rate of Return as A Project Evaluation Criterion by Miroslaw M. Hajdasinski 38: 4,309

Manufacturing

An Economic Evaluation Model for Project Design Decisions under Concurrent Engineering by Chi J. Oh and Chan S. Park 38: 4,275

Measures Of Worth

Comments on "Using Intuition From Elementary Physics to Explain Bond Duration" (Technical Note) by James W. Hayes 38: 4,345

Income, Wealth Base and Rate of Return Implications of Alternative Project Evaluation Criteria by Richard H. Bernhard 38: 3,165

The Fleet Design Problem by P.C. Jones and J.L. Zydiak 38: 2,83

Multiple Criteria Analysis

A Multi-Attribute Product Life-Cycle Approach to Replacement Decisions: An Application of Saaty's System-With-Feedback Method by Lawrence C. Leung and Tashfeen M. Azhar 38: 4,321

Duration and the Risk Adjustment of Discount Rates for Capital Budgeting by Robert Brown and Mukund S. Kulkarni 38: 4,299

Replacement Analysis

A Mean-Variance Serial Replacement Decision Model: The Correlated Case by Matthew J. Brown 38: 3,237

A Multi-Attribute Product Life-Cycle Approach to Replacement Decisions: An Application of Saaty's System-With-Feedback Method by Lawrence C. Leung and Tashfeen M. Azhar 38: 4,321

Market Obsolescence and Strategic Replacement Models by Brad C. Meyer 38: 3,209

The Fleet Design Problem by P.C. Jones and J.L. Zydiak 38: 2,83

Risk Analysis

A Mean-Variance Serial Replacement Decision Model: The Correlated Case by Matthew J. Brown 38: 3,237

Simulation

A Case Study of Economic Justification of Expert Systems in Maintenance Operations by Adedeji B. Badiru, Bob L. Foote and John W. Peters 38: 2,99

Taxation

A Unifying Framework for Cost Recovery Rules by Samuel A. Awoniyi 38: 2,134

Depreciation and Tax Policies in the Seven Countries with the Highest Direct Investment from the U.S. by Donald S. Remer and Yong Ho Song 38: 3,193

Does the ITC Affect Investment Behavior? New Evidence from Financial Managers by Ralph A. Pope and Thomas A.Howe 38: 3,223

Transportation

The Fleet Design Problem by P.C. Jones and J.L. Zydiak 38: 2,83

Utility Theory

A Mean-Variance Serial Replacement Decision Model: The Correlated Case by Matthew J. Brown 38: 3,237

Valuation

Income, Wealth Base and Rate of Return Implications of Alternative Project Evaluation Criteria by Richard H. Bernhard 38: 3,165

Index Of Authors

AWONIYI, SAMUEL A., *A Unifying Framework for Cost Recovery Rules* 38: 2,134

AZHAR, TASHFEEN M., (with Lawrence C. Leung), *A Multi-Attribute Product Life-Cycle Approach to Replacement Decisions: An Application of Saaty's System-With-Feedback Method* 38: 4,321

BEAVES, ROBERT G.,*The Case for a Generalized Net Present Value Formula* 38: 2,119

BERNHARD, RICHARD H., *Income, Wealth Base and Rate of Return Implications of Alternative Project Evaluation Criteria* 38: 3,165

BROWN, MATTHEW J., *A Mean-Variance Serial Replacement Decision Model: The Correlated Case.* 38: 3,237

BROWN, ROBERT (with Mukund S. Kulkarni), *Duration and the Risk Adjustment of Discount Rates for Capital Budgeting* 38: 4,299

CANADA, J. R., (M. D. Proctor), *Past and Present Methods of Manufacturing Investment Evaluation: A Review of the Empirical and Theoretical Literature* 38: 1,45

DE LA MARE, R.F., *Teaching Engineering Economy Using the Experimental Learning Cycle and a Novel Business Game* 38: 4,259

DOBSON, JOHN, (with Robert Dorsey), *Reputation, Information and Project Termination in Capital Budgeting* 38: 2,143

DORSEY, ROBERT, (with John Dobson), *Reputation, Information and Project Termination in Capital Budgeting* 38: 2,143

FOOTE, BOB L. (with John W. Peters), *A Case Study of Economic Justification of Expert Systems in Maintenance Operations* 38: 2,99

HAJDASINSKI, MIROSLAW M. *The Payback Period As a Measure of Profitability and Liquidity* 38: 3,177

HAJDASINSKI, MIROSLAW M. *The Suitability of the Perpetuity Rate of Return as A Project Evaluation Criterion* 38: 4,309

HAYES, JAMES W.,*Comments on "Using Intuition From Elementary Physics to Explain Bond Duration"* (Technical Note) 38: 4,345

HOPP, W. J., (with P. C. Jones and J. L. Zydiak), *Capital Asset Valuation and Depreciation for Stochastically Deteriorating Equipment* 38: 1,19

HOWE, THOMAS A,. (with Ralph A. Pope), *Does the ITC Affect Investment Behavior? New Evidence from Financial Managers* 38: 3,223

HUBBARD, CARL M. (with Daniel T. Waltz) *Working Capital Requirements Revisited* (Technical Note) 38: 3,249

JONES, P. C., (with W. J. Hopp and J. L. Zydiak), *Capital Asset Valuation and Depreciation for Stochastically Deteriorating Equipment* 38: 1,19

JONES, P. C. (with J.L. Zydiak), *The Fleet Design Problem* 38: 2,83

KULKARNI, (with Robert Brown), *Duration and the Risk Adjustment of Discount Rates for Capital Budgeting* 38: 4,299

LEUNG, LAWRENCE C., (withTashfeen M. Azhar), *A Multi-Attribute Product Life-Cycle Approach to Replacement Decisions: An Application of Saaty's System-With-Feedback Method* 38: 4,321

LIBERATORE, M. J. (with T. F. Monahan, and D. E. Stout), *A Framework for Integrating Capital Budgeting Analysis with Strategy* 38: 1,31

MEYER, BRAD C., *Market Obsolescence and Strategic Replacement Models* 38: 3,209

MONAHAN, T. F., (with M. J. Liberatore and D. E. Stout), *A Framework for Integrating Capital Budgeting Analysis with Strategy* 38: 1,31

OH, CHI J. (with Chan S. Park) *An Economic Evaluation Model for Project Design Decisions under Concurrent Engineering* 38: 4,275

PARK, CHAN S., (with Chi J. Oh) *An Economic Evaluation Model for Project Design Decisions under Concurrent Engineering* 38: 4,275

PETERS, JOWN W., (with Bob L. Foote), *A Case Study of Economic Justification of Expert Systems in Maintenance Operations* 38: 2,99

POPE RALPH A. (with Thomas A. Howe), *Does the ITC Affect Investment Behavior? New Evidence from Financial Managers* 38: 3,223

PROCTOR, M. D. (with J. R. Canada), *Past and Present Methods of Manufacturing Investment Evaluation: A Review of the Empirical and Theoretical Literature* 38: 1,45

REMER, DONALD S. (with Yong Ho Song), *Depreciation and Tax Policies in the Seven Countries with the Highest Direct Investment from the U.S.* 38: 3,193

SHULL, D. M., *Efficient Capital Project Selection Through a Yield-Based Capital Budgeting Technique* 38: 1,1

SON, YOUNG K., *A Comprehensive Bibliography on Justification of Advanced Manufacturing Technologies* (Technical Note) 38: 1,59

SONG, YONG HO, (with Donald S. Remer), *Depreciation and Tax Policies in the Seven Countries with the Highest Direct Investment from the U.S.* 38: 3,193

STOUT, D. E., (with T. F. Monahan, and M. J. Liberatore), *A Framework for Integrating Capital Budgeting Analysis with Strategy* 38: 1,31

WALTZ, DANIEL T., (with Carl M. Hubbard) *Working Capital Requirements Revisited* (Technical Note) 38: 3,249

ZYDIAK, J. L., (with W. J. Hopp and P. C. Jones), *Capital Asset Valuation and Depreciation for Stochastically Deteriorating Equipment* 38: 1,19

ZYDIAK, J. L., (with P. C. Jones), *The Fleet Design Problem* 38: 2,83

Index Of Book Reviews

AU, TUNG and AU, THOMAS P., *Engineering Economics for Capital Investment Analysis*, Reviewed by James R. Buck 38: 1,72

BUSSEY, LYNN E. and ESCHENBACH, TED G.,*The Economic Analysis of Industrial Projects*, Reviewed by Jane M. Fraser 38: 1,73

CHALOS, PETER, *Managing Cost in Today's Manufacturing Environment*, Reviewed by Gilroy J. Zuckerman 38: 4,351

DENNO, KHALIL, *Engineering Economics of Alternative Energy Sources*, Reviewed by Herbert M. Eckerlin 38: 3,257

HENRION, MAX and MORGAN, GRANGER, *Uncertainty: A Guide to Dealing with Uncertainty in Quantitative Risk and Policy Analysis* Reviewed by Harvey J. Gold 38: 4,347

KAHL, ALFRED and RENTZ, WILLIAM, *Spreadsheet Application in Engineering Economics*, Reviewed by Jerome P. Lavelle 38: 2,155

OSTWALD, PHILIP, *Cost Estimating*, Reviewed by M. Wayne Parker 38: 1,77

PARSAEI, HAMID and MITAL, ANIL, *Economics of Advanced Manufacturing Systems*, Reviewed by David Elizandro 38: 2,157

PARSAEI, HAMID, SULLIVAN, WILLIAM G., and HANLEY, THOMAS R., *Economic and Financial Justification of Advanced Manufacturing Technologies*, Reviewed by Thomas O. Boucher 38:4,348

PLOSSI, GEORGE W., *Managing in the New World of Manufacturing*, Reviewed by William G. Morrissey 38: 1,78
